

## **Municipal Chapter – Wantage Township Wastewater Facilities Tables**

The wastewater facility tables for all sanitary and/or process wastewater discharge to surface water facilities and those sanitary/ and/or process wastewater discharge to groundwater facilities discharging greater than 2000 gallons per day (i.e., requiring NJPDES permits) are listed below, based on whether they are domestic or industrial wastewater treatment facilities, and whether they have service areas that affect more than one municipality.

**On-Site Domestic Treatment Facilities**– These facilities are listed in Tables insert ##s here.

**Industrial Wastewater Facilities** – These facilities are listed in Tables insert ##s here.

The wastewater discharges are measured in Million Gallons per Day (MGD).
