Bridge O-07 Replacement

Distributed: November 13, 2014

ADVANCED TRAFFIC ADVISORY FOR GEOTECHNICAL INVESTIGATION

Currently Scheduled for Tuesday, November 18 thru Wednesday, November 19

PROJECT:

Replacement of Sussex County Bridge O-07, a 40 foot long, single lane bridge on Passaic Avenue in Ogdensburg Borough.

To properly design a new structure to replace the existing deteriorating concrete deck and steel stringers, the Design Engineer will need to have accurate information about the existing subsurface soils conditions at this location.

Therefore, the County will be mobilizing a truck mounted drilling rig (see adjacent sample photo) at this location to conduct a Geotechnical Investigation. (See below for further details of traffic impacts)

TRAFFIC ADVISORY DETAILS

What & Where:

Passaic Avenue will be **CLOSED** to through traffic at Bridge O-07 on a **daily basis from 9:00 AM to 3:00 PM** to facilitate the geotechnical engineering investigation. Traffic along Passaic Avenue will be detoured via Plant Street and Brooks Flat Road. Variable message boards will be posted in advance of the closure to advise motorists. Local access to driveways and township roads will be maintained throughout the duration of the closure.

When:

The above Investigation is expected to take up to 2 days with closures between 9:00 AM and 3:00 PM each day.

- Tuesday, November 18 – Wednesday, November 19
- Schedule subject to change pending weather conditions and unforeseen circumstances

Contact Information:

For more information about this Traffic Advisory or the Bridge O-07 project, please contact Siân Pearson, Assistant Engineer for the Sussex County Division of Engineering at 973-579-0430 or dpw@sussex.nj.us
