

2017 Sussex County Crack Sealing Program **Distributed: August 1, 2017**

PROJECT UPDATE NOTICE

Project:

Asphalt wearing surface Crack Sealing is a core component of the Sussex County pavement maintenance program. Crack Sealing extends the useful service life of a roadway by limiting the infiltration of water into the pavement structure. Work locations are selected based upon an evaluation of pavement conditions, traffic volumes, and in coordination with other roadway maintenance activities.

Construction Forces:

- ✓ Sussex County Division of Public Works

Project Funding:

- ✓ 100% Sussex County Capital Funds
- ✓ Miles of Road in 2017 Program: 41 +/-

Work Schedule:

Normal Work Hours: 7:00 a.m. to 3:30 p.m.

Work is being conducted under single lane closures with flagging operations.

County Route Segments in Work Queue :
