

In evaluation of proposals received for RFP Small Business Grant Program Support, the evaluation committee determined that Solix, Inc. was the best proposal based on criteria factors.

The recommended vendor ranked highest in the category of “Management,” with industry and program experience in local government, and with documented excellence and experience of staff and personnel. Of note were the local government units within the state of New Jersey that Solix, Inc. has provided service to.

The recommended vendor also ranked highest in the category of “Technical,” with a demonstrated ability to perform the Scope of Work, an understanding of the objectives, and superiority in ability to delivery objectives. Of note was the vendor’s timelines in regards to implementation for similar projects.

In the category of cost, evaluations were close, and variables created scenarios in which one vendor could potentially offer a better value over the other, wholly dependent on such criteria as need and implementation assistance.

Calculations of evaluations based on weighted criteria provided the final result (out of a possible 300 points):

Solix, Inc.	269.50
NW Financial Group	230.10
