## Sussex County Skylands Ride Temporary Change in Operations

**(Hardyston, NJ)** Sussex County Skylands Ride is committed to the well-being of our community and has placed top priority on transporting residents to vital services during the current 2019 novel coronavirus public health crisis. A number of temporary changes have been put into place at Skylands Ride in an effort to ensure residents are able to access critical and life-sustaining services.

In response to the current COVID-19 situation, effective Wednesday, March 25, 2020, Sussex County Skylands Ride will only be providing demand-response transportation service to access employment, medical appointments, prescriptions, medical equipment, food, and other essential services. The Skylands Ride Public Connect service, including the Saturday Connect service, will be temporarily suspended until further notice.

Skylands Ride remains available to serve Sussex County residents in need and has made this decision for the health and well-being of all residents and County staff. To schedule your ride through the demand-response service or for more information about Skylands Ride, please call (973) 579-0480.
