ADVANCED TRAFFIC ADVISORY FOR CR 626 REPAIRS

Project:

Repairs to various isolated areas along CR 626 between CR 519 and CR 627 where the existing micro surfacing application has displayed unexpected deficiencies.

Contractor: Asphalt Paving Systems, Inc.

Traffic Impacts:

- Mobile single lane closures with alternating traffic.
- **Expect delays - intermittent extended delays are anticipated.**
- Variable message boards have been posted in advance to advise motorists.

Schedule:

- The repair work is scheduled to be completed on June 20-21, 2017 between the hours of 7:00 a.m. to 5:00 p.m.
- Schedule subject to change pending weather conditions and other unforeseen circumstances.

Construction Activities:

Repairs include the following:

- Mill and pave 1" depth by variable width along select predetermined areas.
- Restripe in areas disturbed by milling and paving.
- Reapplication of micro surfacing as directed.

Contact Information:

For more information about this Traffic Advisory or the repair work please feel free to contact Elizabeth Rophael, Senior Engineer for the Sussex County Division of Engineering at 973-579-0430 or emails can be sent to dpw@sussex.nj.us
