Project Notice – Intersection of CR-607 & Crescent Rd Notice Date: Feb 2019

Project:

Improvements to the Intersection of CR-607, Crescent Road, and Lakeside Boulevard, Sussex County Signal SC-36

Intersection of River Styx Road (CR-607), Crescent Road, and Lakeside Boulevard, Hopatcong Borough

Objectives:

- Provide ADA Accessibility Upgrades
- Upgrade and modernize 40-year old signal
- Enhance operational safety
- Match Local Streetscape improvements

Project Narrative:

The intersection of River Styx Road (CR-607), Crescent Road, and Lakeside Boulevard is a four leg, signalized intersection in Hopatcong Borough. The intersection carries approximately 6,500 vehicles per day on the major (CR-607) leg and approximately 700 vehicles per day on the minor (Crescent Road / Lakeside Boulevard) leg.

The current signal system is approximately 40 years old and in need of upgrades. Additionally, the intersection is in the immediate vicinity of a proposed Hopatcong Borough streetscape improvement project, making this location a priority for appropriate ADA and pedestrian upgrades.

Project Status:

- Sussex County Division of Engineering is currently developing Request for Proposal documents to secure a Design Consultant.

Preliminary Schedule:

- Consultant Solicitation – *Pending RFP*
- Construction – TBD

Project Costs & Funding:

Estimated Costs:

Design & Permitting Cost	\$ 125,000
Right-of-way	\$ TBD
Construction Cost	\$ 350,000
Total	\$ 475,000

Requested / Potential Funding Sources:

2019 NJDOT LAIF Grant	\$ 250,000
Total	\$ 250,000
