**DIVISION OF PUBLIC WORKS**

**WINTER SEASONAL REPORT- CLOSE OUT 2018-2019**

**2018-2019 WINTER SEASON OPERATIONS – END SEASON REPORT**

**November, December, January, February 2018- 2019**

**Overview:**

The Division of Public Works operations focus resources toward continuous preparations and management of winter weather. Along with all of the preparation work described in our last Winter Seasonal Report our crews have/are:

- Responded to 28 storm events through February 2019 maintaining the County's 65 snow plow routes across the 620 lane miles.
- Applied approximately 19,300 tons of salt.
- Stockpiled approximately 7,000 tons of grits and distributed throughout the County's 8 Salt Sheds.

**You have seen our crews:**

Continuing to maintain the County's 620 lane miles during winter events.

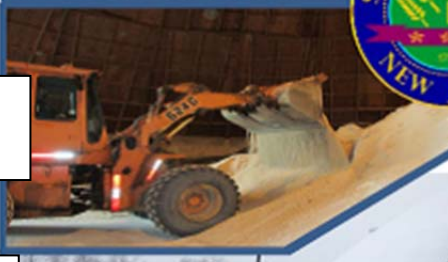

Using the wing plow to push back snow from the shoulder of the roadways.

Hand sweeping intersections.

Installing snow fence in approved property lining the County's Roadways to prevent snow drifts.

Mixing Material to prepare for winter storms.

Installing winter equipment onto trucks such as sanders and plows.

Loading trucks with material to salt/sand the 65 plow routes during the many winter weather conditions.
