Project Update Notice – Repair of Bridge K-01

Distributed: July 24, 2019

Project:

Bridge K-01 Headwall Repairs & Guide Rail Upgrades
CR 602 (Stanhope-Hopatcong Rd.), Hopatcong Borough

Construction Forces:

- Sussex County Office of Bridge & Traffic Safety
- Sussex County Division of Public Works

Schedule:

- Thursday, July 25, 2019 – Removal of Existing Traffic Striping and Painting of Temporary Striping for Lane Shift
- Tuesday, July 30, 2019 – Installation of Concrete Barrier through Work Zone and Start of Repair Work
- Construction duration is anticipated to be approximately 6 weeks, with the schedule and duration subject to change based on weather or unforeseen conditions

Traffic Control:

- Work will be completed utilizing a permanent, two-lane, two-way lane shift away from the eastbound shoulder work zone for the duration of construction.
- A work zone speed limit reduction will be in effect for the duration of construction. The legally posted speed limit will be reduced from 35 MPH to 25 MPH.

Construction Activities:

- Install roadway construction signage, temporary traffic control devices, and temporary traffic striping for the work zone speed limit reduction and lane shift
- Remove deteriorated guide rail, guide rail posts, and concrete headwall and wingwall along eastbound shoulder (downstream side)
- Repair the downstream concrete headwall and wingwall and install new guide rail post and plate assemblies
- Restore the roadway surface adjacent to the downstream headwall and wingwall
- Install new guide rail along eastbound shoulder
- Remove roadway construction signage, temporary traffic control devices, and temporary traffic striping for the work zone speed limit reduction and lane shift

Contact Information:

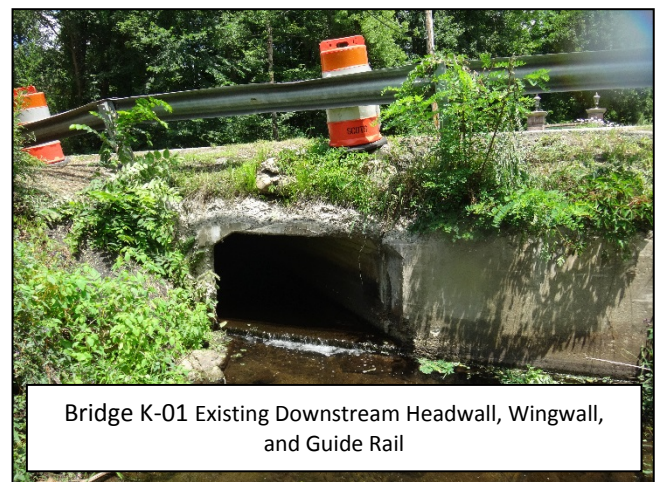

For more information about this project please feel free to contact Joshua Roe, Assistant Engineer, of the Sussex County Division of Engineering at 973-579-0430 or dpw@sussex.nj.us
