Roadway Improvement and Streetscape Project

Project:

The County and the Town of Newton have partnered on a Streetscape and Roadway Improvement project to improve a segment of Mill Street, a.k.a. CR 519, within the Town.

The project generally includes construction of new curbing, drainage, pavement, and sidewalks along a portion of the Mill Street Corridor. The Project objective is to enhance overall safety, calm traffic, enhance mobility for pedestrians, and enhance the overall quality of life within the general area of the Town.

Funding:

The project will be funded by the County, the Town, and a NJDCA Small Cities CDBG 2020 Grant.

Speed Limit:

In conjunction with the Project, the County Division of Engineering will be conducting a Speed Study along CR 519 from State Route 206 to North Park Drive.

Traffic Impacts:

During the construction CR 519 will be closed to southbound traffic between CR 622 and Route 206. Access to driveways and municipal roads will be maintained throughout the duration of the operation.

Schedule:

- ✓ Design – Complete
- Bidding – Ongoing
 - Award – June 2023
 - Construction – Summer 2023

The schedule is subject to change based on weather, progression of the required work, and other unforeseen circumstances.

Contact Information:

For more information about this project please contact Bill Koppenaal at the Sussex County Division of Engineering via phone at 973-579-0430 or email at dpw@sussex.nj.us.
