

# Sussex County Renewable Energy Program Feasibility Survey

Sussex County is working with The Morris County Improvement Authority (MCIA) under the shared services law to undertake a Sussex County - wide Renewable Energy Program that will be offered to interested municipalities, school districts, and local authorities and districts in Sussex County. This Program will permit you as a Program participant to partner with the County and go “green”, reduce a portion of your retail electricity cost, and require no “out of pocket” costs.

Please take a few minutes to fill out this survey. You may return your completed questionnaire to Cathy Williams, assistant to County Administrator John Eskilson, via e-mail ([cwilliams@sussex.nj.us](mailto:cwilliams@sussex.nj.us)), or via fax (973-579-0259). You can call Cathy at 973-579-0250 if you have any questions on delivery. If you have questions regarding the information requested, please contact Rich Preiss of Gabel Associates at [richard.preiss@gabelassociates.com](mailto:richard.preiss@gabelassociates.com), 973-296-0770. Thank you!

## I. Contact Information:

### Primary Contact for this Program

Local Government Entity:			
Contact Name/Title:			
Telephone #:		Fax #:	
E-Mail Address:			

### Person completing this Survey (if different from Primary Contact)

Name/Title:			
Telephone #:		Fax #:	
E-Mail Address:			

## II. Level of Interest:

- How interested would your Local Government Entity be in having a more detailed technical assessment done by the County/MCIA to help assess whether your facilities are eligible for solar photovoltaic system installation?  
 Very Interested       Possibly Interested       Not Interested

- If your Local Government Entity is not interested in having this technical assessment done, **STOP** here.

### III. Past Renewable Energy Activity:

- Has your Local Government Entity previously considered the use of solar photovoltaic technology (solar panels) to help offset electricity costs? If Yes, please answer a., b., and c.

Yes  No  Not Sure

- Have you considered the use of solar technology in any currently planned facilities projects?

Yes  No  Not Sure

- Have you talked with a vendor, architect, or engineer about the use of solar technology?

Yes  No  Not Sure

- Have you received a proposal for the installation of solar technology for any of your buildings?

Yes  No  Not Sure

### IV. Facility Electrical Costs and Repairs

- Do you have access to monthly electric bills for the past year for your facilities?

Yes  No  Not Sure

- Is the School District/Municipality considering any roof or HVAC repairs/renovations in the next 1-2 years?

Yes  No  Not Sure

**V. Facility Information:**

- Please list all buildings that you would like us to consider for the installation of solar panels. To help guide your facility selection, the best candidates have southern exposure, no shading, sufficient roof space, and so forth. Include the name or type of facility, address, size of building in square feet, age of roof, and type of roof if known (i.e., built up, metal standing seam, single ply, etc.). If unsure whether your facilities are good candidates for the use solar technology, list all buildings:

Facility Name or Type: <hr/> Address: <hr/> Sq. Feet:                      Age of Roof: <hr/> Type of Roof (if known): <hr/>	Facility Name or Type: <hr/> Address: <hr/> Sq. Feet:                      Age of Roof: <hr/> Type of Roof (if known): <hr/>
--	--

Facility Name or Type: <hr/> Address: <hr/> Sq. Feet:                      Age of Roof: <hr/> Type of Roof (if known): <hr/>	Facility Name or Type: <hr/> Address: <hr/> Sq. Feet:                      Age of Roof: <hr/> Type of Roof (if known): <hr/>
--	--

Facility Name or Type: <hr/>	Facility Name or Type: <hr/>
---------------------------------	---------------------------------

Address: _____		Address: _____	
Sq. Feet: _____	Age of Roof: _____	Sq. Feet: _____	Age of Roof: _____
Type of Roof (if known): _____		Type of Roof (if known): _____	

**VI. Other Renewable Energy Technology Interest:**

- Does your Local Government Entity have interest in the use of other Renewable Energy technology, such as wind devices, hydro-power, and geothermal, to help offset electricity costs?  
 Yes  No  Not Sure

**VII. Energy Audits**

- Has your Local Government Entity had an energy audit completed?  
 Yes  No
- Was the energy audit performed through the Somerset County Energy Audit Program?  
 Yes  No
- If your Local Government Entity has had an energy audit prepared, other than through the Somerset County Energy Audit Program, please send a copy along with this form or as soon as possible after submitting this form. Audit attached?  
 Yes  No

### VIII. Energy Usage Information

- In order to assist the SCIA in determining the viability of your Facilities for participation on the Program, the SCIA consultants will need to review the energy usage for each Facility. Attached please find an Electric Data Release Form. Please execute the Electric Data Release Form and return them along with this form.

Yes

No

### IX. Other Comments or Questions:
