

## Sussex County School Recycling Container Contest

### Contest Guidelines

- PARTICIPANTS:** All Sussex County School Districts (Only 1 submission per School District)
- CONTEST:** Design and create one set of four (4) “Innovative Containers” for collecting the following material categories:
- **Mixed Fiber** (magazines, office paper, cardboard, newspaper items)
  - **Commingled Containers** (glass, plastic and aluminum containers)
  - **Single Stream** (combination of Mixed Fiber & Commingled Containers)
  - **Trash** (any material that can’t be recycled)
- DESIGN DETAILS:** The design of the four (4) containers should send a clear message about the importance of school recycling, and keeping schools in Sussex County clean & green! The containers should also include in the design how it represents the school district, and encourages or reminds students to use these containers for trash and recycling. The design and artwork on the containers should be done by the students.
- DEADLINE:** **School Districts must submit completed applications & photos by February 1, 2012**
- AWARDS:** Five school districts will be awarded 3 of the “soda bottle” type recycling containers. All participating school districts will receive a certificate. In addition, all interested school districts will receive a pre-determined amount of “label sets” with the four (4) container categories (i.e, Mixed Fiber, Commingled Containers, Single Stream & Trash) to distribute among the schools in their districts.
