DIVISION OF SENIOR SERVICES**

OUR MISSION

The mission of the Sussex County Division of Senior Services is to empower older individuals, those 18 and older who are disabled, and/or their caregivers to choose from a coordinated system of services that enable seniors to live as independently as possible in their homes and in their communities while enjoying a dignified quality of life.

RESOURCE DIRECTORY FOR THE ELDERLY AND THEIR CAREGIVERS

We are pleased to provide this comprehensive “Senior Services Resource Directory” as just one of our mission-driven initiatives. This guide includes the most current information regarding a wealth of resources and support services available to seniors and their caregivers. This directory is also available at our web-site: www.sussex.nj.us/seniorservices

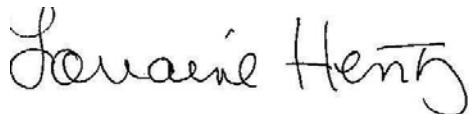

Those who are 60+ years of age may be eligible for a variety of these services that are funded by federal, state and county funds as well as private foundations and charities. Many services coordinated by the Sussex County Division of Senior Services are funded through Title III of the Older Americans Act.

e-mail: seniorservices@sussex.nj.us

Our hours are Monday thru Friday, 8:30 am to 4:30 pm. Please feel free to contact us if we can be of further assistance. Our professional staff will be able to provide information, and referrals will be made to the appropriate programs or agencies if we are unable to provide the service needed directly through our office. We are also available to speak to community groups regarding the services provided through the Division of Senior Services.

We look forward to serving you!

Very truly yours,

Lorraine Hentz,
Director

Personal assistants help with tasks as light housekeeping, bathing, dressing, meal preparation, shopping, driving or using public transportation on this PASP program.

DRIVER SAFETY

The National Center on Senior Transportation has stated that, “Certain changes related to the aging process may make the highly complex skill of driving a car increasingly difficult. These include changes in vision, hearing, flexibility and strength. However, these changes are not consistent from one individual to another, and they do not happen at the same age in each person.”

The NCST (National Center on Senior Transportation) has recommended some steps to assure your ongoing safety as a driver. These include:

- Doing a self-assessment of your driving
- Taking a driver-refresher course
- Making adjustments in your automobile
- Changing your driving habits
- Getting an objective driving evaluation
- Consulting with a Driver Rehabilitation Specialist
