SPARTA CAMPUS

In conjunction with all service providers, a comprehensive effort is to provide a superior education to students with autism as well as those students that present challenging of behaviors. Our collective goal is to provide relevant and meaningful opportunities for our students to live, learn, and grow.

The Jean Manfra School provides educational services in a warm, nurturing, intimate educational environment that fosters a culture of hope, safety, trust and opportunity. Classes are small with a high ratio of staff to students. There is a concentrated focus on integrating the development of life, social and communication skills throughout the school day.
